Rainhouse welcomes the Indigenous Prosperity Centre

On Monday November 7th, 2022 Rainhouse Manufacturing Canada Ltd. welcomed the Indigenous Prosperity Centre's Executive Director Christina Clarke to come for a tour of our facility. Rainhouse aspires to align with establishments who have the same environmental consciousness surrounding renewable energy.

The Indigenous Prosperity Centre (IPC) will create a connection point for Indigenous business and communities located on Southern Vancouver Island. IPC recognizes we need to work as One. As we bring our strengths together, across all sectors, in an ecosystem that supports innovation, collaboration and inclusion.

Rainhouse is looking forward to building a strong relationship with IPC as well as the First Nations and Indigenous people on Southern Vancouver Island.

INDIGENOUS
PROSPERITY CENTRE

Indigenous Prosperity Centre

The Indigenous Prosperity Centre (IPC) is a not-for-profit committed to the self-directed economic vision of First Nations and Indigenous people on Southern Vancouver Island.

"We have all the ingredients for a thriving economy and true prosperity, defined in the broadest sense to include well-being for everyone and our environment"

-Christina Clarke

Executive Director

Before joining the IPC, Christina spent 27 years with the Songhees Nation, serving as Senior Finance Manager, Executive Director and finally as inaugural CEO of the Songhees Development Corporation, overseeing three companies and partnerships in Tourism & Hospitality, Property Holdings, Cannabis Retail and Marine Industry.

A graduate of the University of Victoria, Christina is proud of her ancestors, NunatuKavut (Inuit European) on her Mother's side and Irish on her Father's side. She is a board member of the Greater Victoria Chamber of Commerce and a former board member of the Greater Victoria Harbour Authority and South Island Prosperity Partnership. In 2022, she was appointed to UVic's Board of Governors.
