Rainhouse Manufacturing Canada Ltd. specializes in CNC machining and manufacturing. Headquartered in Victoria, British Columbia, Rainhouse is proud to be registered as Canadian Controlled Goods and certified to ISO 9001:2015. In addition, the company is a licensed Class MA Boiler and Pressure Vessel Manufacturer (License No.: LPB0201365). Our certifications are a testament to our commitment to safety and quality.

Furthermore, Rainhouse is proud to be recognized as a first-level qualified Canadian manufacturer, producing critical safety components and precision parts for Victoria-Class submarines. Our experience and expertise have made us a trusted Canadian defence and marine industry manufacturer.

Currently, Rainhouse has the privilege of working as a subcontractor for IMP Electronic Systems on the Victoria In-Service Support Contract (VISSC) for the Canadian submarines. The IMP Electronic Systems team, which is headquartered in Halifax, Canada, has enjoyed their time on the West Coast working with us on this project.

First Level Qualified

Rainhouse has a long history of working as a subcontractor and delivering high-quality products on time and within budget. We are committed to maintaining the highest standards in all our projects. Rainhouse is always looking for new opportunities to help our clients bring their ideas to life.

In conclusion, Rainhouse is a trusted and reliable leader in the Canadian manufacturing industry. We have the certifications, licenses, and expertise to deliver quality products that meet the needs of our clients in the defence and marine industries.

LET US HELP YOU WITH YOUR NEXT PROJECT, FROM IDEA TO DONE.
