

Joining Forces for a Clean Energy Revolution

Rainhouse is proud to be one of the recipients of CICE's funding, alongside eight other innovative clean energy companies in British Columbia. Together, we are paving the way for a sustainable future by driving breakthrough ideas toward real-world implementation. By harnessing our collective expertise, we are making significant progress towards ambitious net-zero targets and securing a greener and more prosperous future for generations to come.

Thank you again to CICE for their support and recognition of our efforts.

We Look Forward to the Positive Impact we Can Create Together

We are actively seeking investors and partners who share our vision and want to be part of our journey toward innovation and sustainable growth in Canada. By investing in green energy, we can reduce our reliance on fossil fuels and help mitigate the effects of climate change.
