March has been an exciting and eventful month for Rainhouse Manufacturing Canada Ltd. Engaging in fruitful discussions and forging valuable connections, Rainhouse actively participated in various industry events throughout the month. We're thrilled to share with you some highlights from our recent activities.

## Western Innovation Forum 2024

This year, Rainhouse actively participated in the Western Innovation Forum (WIF) held virtually from March 5th to 7th. WIF is an industry-oriented event focused on bringing together the aerospace, marine, and defence industries of western Canada, alongside innovators, researchers, and potential investors. With over 300 participants and nearly 600 B2B meetings, WIF provided an excellent platform for connecting with industry leaders and exploring new opportunities.
